ACADEMIC INTEGRITY POLICY

At Bert Church High School, and across all academia, integrity and honesty are critical. Throughout your educational career you will find that the consequences for submitting work that is not your own are very serious. Submitting your own work is not only the only way you can grow as a learner, but is also the only way that teachers can determine if you are meeting course outcomes and give you credit for your efforts.

Any work that does not meet expectations for academic integrity will not be assessed until work reflects an student's authentic understandings.

In cases of academic dishonesty parents and administration will be notified and disciplinary action may result.

APPEALS

Any course mark may be appealed. Students are encouraged to consult with Mr. Hoe about any concerns.

TEST POLICY

All tests/written exams are the property of the Social Studies Department and will not leave the school.

COURSE MATERIAL & CONTROVERSY TOPICS

Social Studies is an inherently political subject area; Social Studies material, however, is presented free of any political agenda. There is no emphasis on, nor a deliberate effort to promote, any particular ideology. The goal is to expose students to a variety of perspectives; as such, the course may involve issues which challenge personal beliefs. Students should be prepared to engage appropriately with a diversity of opinions.

If you have concerns in this regard, please feel free to approach Mr. Hoe in confidence and the matter will be addressed in a mature, respectful fashion.

OVERVIEW OF SOCIAL 20-2

Students will explore the complexities of nationalism in Canadian and international contexts. They will study the origins of nationalism and the influence of nationalism on regional, national and global relations. Exploring multiple perspectives will allow students to develop understandings of nationalism and how it contributes to the citizenship and identities of peoples in Canada.

While nationalism has historically examined the relationship of the citizen to the state, contemporary understandings of nationalism include evolving individual, collective, national and state realities. Exploring the complexities of nationalism will contribute to an understanding and appreciation of the interrelationships among nations, nationalism, internationalism, globalization, and citizenship and identity. Developing understandings of various points of view associated with regards to nationalism will encourage students to develop personal/civic responses to issues related to nationalism.

Key and Related Issues

Key Issue: To what extent should we embrace nationalism?

Related Issues:

- Should nation be the foundation of identity?
- Should nations pursue national interest
- Should internationalism be pursued?
- Should individuals and groups in Canada embrace a national identity?
